

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **In re Percy Parker Taylor Johnson Minor**
Docket No. **279661**
L.C. No. **07-468582**

William C. Whitbeck, Chief Judge, acting under MCR 7.203(F)(1) and 7.216(A)(10),
orders:

The claim of appeal in this case is DISMISSED for lack of jurisdiction because respondent is attempting to appeal as of right from an order that is not a final order. Respondent's claim of appeal states that he is claiming an appeal from "the July 18, 2007 Order of Supplemental Disposition" entered by the trial court. However, the docket entries provided by respondent reflect that the only order entered by the trial court on July 18, 2007 was the order appointing respondent's appellate counsel. The request for appointment of appellate counsel on the same form as that order indicates that respondent intended to appeal from the trial court's June 29, 2007 order. The order entered on June 29, 2007 was an order continuing this matter for a bench trial hearing, which plainly was not a final order. See MCR 7.202(6). Thus, respondent is not entitled to an appeal of right from that order. MCR 7.203(A).
